

Key Replacement

Today's keys are very expensive to replace if they are lost, stolen or destroyed. Many keys incorporate computer chips for remote locking systems, trunks and ignitions. When keys need to be replaced, it's a costly endeavor that also includes reprogramming. The IAS ROAD Key Replacement program not only protects you against the expense of stolen or lost keys, but helps eliminate the hassles of an already stressful situation.

The ROAD Key Replacement program will replace lost, stolen or destroyed keys as well as include 24-hour emergency road service.

Benefits of IAS Key Replacement Program:

- Key replacement - In the event a customer's key is lost, stolen or destroyed, we will pay for a replacement.
- Lockout Service - If the customer's ignition key is locked inside the car, locksmith services are covered.
- 24-hour Emergency Roadside assistance - Includes mechanical first aid, tire, battery and delivery service.
- Custom trip routing - Customer can receive a specially prepared map outlining their travel route.
- Auto rental discounts available from National, Avis, Budget and Hertz
