

Protect yourself against the unexpected.

Planning ahead starts now. When you purchase a pre-owned vehicle, you most likely budget for all the associated expenses — car payments, insurance and taxes. But most vehicles also require a few mechanical repairs somewhere down the road. And with the current high cost of everything, even a minor breakdown could have a major impact on your budget. Just take a look at these estimated costs for some typical repairs.

Constant Velocity Joint	\$ 305
Water Pump	455
Motor Mounts	490
Cylinder Head Gasket	855
Timing Chain	950
Engine Overhaul/Replacement	3,545
Transmission Overhaul/Replacement	2,595

Eliminate your worries about major repair costs.

A vehicle service contract from AVP (Assured Vehicle Protection) gives you confidence in your vehicle for years down the road. All you have to do is maintain your vehicle as recommended by the manufacturer. Then, if you have a breakdown, service can be obtained in accordance with your selected coverage.

- Excellent coverage. Coverage for parts and labor costs on the three major powertrain component groups of your pre-owned vehicle.
- Better resale value. Can be transferred when vehicle is sold to another individual owner.
- Small deductible. Pay only a small deductible for each covered repair.
- While traveling outside your coverage area, service can be obtained at the facility of your choice in the United States and Canada.
- Additional benefits. Rental reimbursement, towing and road service, warranty deductible and lodging reimbursement available.

Insurer:

Marathon Administrative Co.
P.O. Box 961
O'Fallon, IL 62269

Administrator:

Great news for vehicle owners!

Your dealership is pleased to offer you this comprehensive, affordable vehicle service contract — developed, insured and serviced by leading names in the insurance industry. For detailed information or to purchase your AVP contract, please contact your dealer representative.

Choose from these three AVP plans.

Standard Security Plus

The STANDARD SECURITY PLUS plan covers the following powertrain components:

- 1. ENGINE** - All internally lubricated parts; engine mounts, flywheel, flex plate, harmonic balancer, intake and exhaust manifolds, mechanical fuel pump, pulleys, ring gear, supercharger, thermostat, timing belt, timing cover, turbocharger, vacuum pump, valve covers, water pump.
- 2. TRANSMISSION/TRANSFER CASE** - All internally lubricated parts; torque converter, transmission and transfer case mounts.

- 3. AXLE ASSEMBLY** - All internally lubricated parts; axle shafts, constant velocity joints and boots, drive shafts, locking hubs, universal joints, seals and gaskets.

Paramount Security Plus

The PARAMOUNT SECURITY PLUS plan includes all of the components covered by STANDARD SECURITY PLUS coverage and adds the following components:

- 4. AIR CONDITIONING/HEATING** - Accumulator, compressor, compressor clutch, condenser, evaporator, expansion valve, heater core, receiver drier, temperature control programmer, seals and gaskets.
- 5. BRAKES** - Booster, calipers, compensating valve, master cylinder, proportioning valve, wheel cylinders, seals and gaskets.
- 6. COOLING SYSTEM** - Fan, fan clutch, radiator, seals and gaskets.
- 7. ELECTRICAL** - Alternator, antenna motor, blower motor, cooling fan motor, distributor, horn, ignition coil, manually operated switches, mirror motor, seat motor, starter motor, voltage regulator, washer pump, window motor, wiper motor.
- 8. ELECTRONIC** - Cruise control computer, engine control computer and sensors, ignition module and pick-up, transmission computer, suspension computer.
- 9. FUEL SYSTEM** - Electric fuel pump, fuel injectors, fuel pressure regulator, injection pump (diesel), seals and gaskets.
- 10. FRONT END** - All internally lubricated parts within the gear box, steering knuckle and pinion; center link, idler arm, pitman arm, steering knuckles, tie rod adjusting sleeves, tie rod ends, seals and gaskets.
- 11. SUSPENSION** - Ball joints, bushings, control arms, control arm shafts, links, radius arms, spindle, spindle supports, springs, stabilizer bars, suspension compressor, torsion bars, wheel bearings.

Ultimate Security Plus

The ULTIMATE SECURITY PLUS plan includes all of the components covered by STANDARD SECURITY PLUS and PARAMOUNT SECURITY PLUS coverage and adds much more including the following components:

- 1. ENGINE** - Accessory mounting brackets, EGR valve, oil pressure sending unit.
- 2. TRANSMISSION / TRANSFER CASE** - Clutch release bearing, clutch master cylinder and slave cylinder, cooler, linkage and cables, shifter.
- 3. AXLE ASSEMBLY** - Mounts and hardware.
- 4. AIR CONDITIONING/HEATING** - Ducts and vents, vent door actuators.
- 5. BRAKE** - ABS components, backing plates, parking brake linkage and cables, self adjusters.
- 6. COOLING** - Coolant reservoir.
- 7. ELECTRICAL** - CD player, Clock, equalizer, fuel pump relay, gauges, radio, rear window defogger grid*, speakers, supplemental restraint system and air bags, tape player, wiring and wiring harness.
- 8. ELECTRONIC** - Alarm system, digital dash, keyless entry system, navigation system, trip computer, wiper delay controller.
- 9. FUEL SYSTEM** - Fuel level sending unit, fuel tank.
- 10. STEERING** - Steering column shaft, bearing, coupler, and tilt mechanism.
- 11. SUSPENSION** - Air suspension bags, Macpherson strut bearing, plate, and mount.
- 12. BODY** - Door, hood, and trunk hinges; door latch, door handle, hood and trunk release cables, lock cylinders and tumblers, window regulator, wiper arm, wiper transmission, power seat cable and transmission.

* Does not cover rear window glass.
